

Chairman Woodward asked Mrs. Lillard if she had contacted the owners of the former Shenandoah McDonalds building. She indicated that she has shared her contact information and if there is anything she can do to help she is willing. Chairman Woodward mentioned that he would like to further discuss the tourism zone at an upcoming meeting.

Supervisor Stroupe said he attended the Farmer's Association dinner. He said farmers raise a lot of livestock in this County and they have to take it to Harrisonburg to sell it. He asked if anyone has looked into opening a livestock auction here in the County that would generate revenue. Mrs. Lillard said she has not had anyone express interest in opening an auction. She indicated that if there were interest it would have to start through a planning grant through the Department of Agriculture and Consumer Services. Supervisor Stroupe also said the property on Goodrich Road is a huge opportunity if an investor group would come and build a building the County can lease to generate revenue.

Budget Adoption:

Chairman Woodward read the disclosure for Virginia Code 2.2-3112(A)(2) and 2.2-3115 Code of Virginia 1950 as amended.
